

REMARKS

Claims 1 and 3 - 15 are in the application.

Applicants have noted that the Examiner has indicated that the claims are allowed.

With respect to the objection to the drawings, the Examiner will note that claim 6 has been amended by removing the feature according to which the side walls are of a different height than the rear wall.

The feature remaining in claim 6 is supported by the specification, page 15, lines 1 to 7.

In view of the fact that the feature not illustrated in the drawings has been removed from the claims, it is submitted that the objection to the drawing is now obviated and should be withdrawn.

Claim 6 has additionally been amended to provide a proper antecedent basis for the word "slidable" in the second to last line of claim 6.

In view of the amendments to the claims and the fact that the Examiner has indicated that the claims are allowed, it is submitted that this application is now in condition for allowance.

Any additional fees or charges required at this time in connection with the application may be charged to Patent and Trademark Office Deposit Account No. 11-1835.

Respectfully submitted,
FRIEDRICH KUEFFNER
